

Below and to the left you can see our club members and the Wide-trackers lined up in our spot at the M1 Con-course on Woodward.

# Woodward

Here we are hanging out waiting for lunch, which Dan Kane and Tim Mays from the Widetrackers were nice enough to get for us.

Summer is a special time for car buffs everywhere, particularly at the Detroit Area Woodward Dream Cruise!

As always, this year's event featured vehicles of all kinds, including some from distant places, and some that are very rarely seen.

On Friday, August 18 and Saturday, August 19, the M1 Concourse in Pontiac hosted a number of events to correspond with the Woodward Dream Cruise celebration, including a display of every year of Corvette (including the only 1983 ever built, and a '63 convertible with a three speed manual), rare Mopar drag racers, as well as valuable collectables from a number of manufacturers.

Two of the local Michigan POCI Chapters, Motor City and the Widetracker's, were fortunate enough to be invited to display their vehicles, participate in an awesome parade, and be judged by classes. These chapters were well represented, as both Chapter presidents attended, along with many members and vehicle entries.

In the class results, Ray Golota, Treasurer of Motor City POCI, was awarded first place in the Muscle Car category! Ray's car, a stunning 1969 Pontiac GTO Judge, won the award, despite competition from some very beautiful muscle cars. Any category that includes muscle cars, especially those including Pontiacs, is certain to include serious competition, but Ray landed the award, much to the pleasure of his fellow POCI "brothers" in attendance!

Congratulations Ray! Well done!!

## Class 19: Muscle Car

1969 Pontiac GTO Judge – Ray Golota

Heading out of M1 for a Cruise on Woodward

Stopping in Pontiac for a photo shoot

Returning to M1
