Dear Motor City POCI,

We are so grateful for your recent gift of \$500. Your continued support is vital in our mission to defeat DIPG.

Thanks to the generosity of donors like you, the ChadTough Defeat DIPG Foundation has provided research funding to nearly 50 different researchers across 31 institutions around the world. After decades of despair, the innovative research we are funding is providing hope for families faced with the devastation of a childhood brain cancer diagnosis.

This past year, our foundation launched an innovative, free program called My DIPG Navigator, designed to help guide families through their cancer journey. Our dedicated Nurse Navigators are a trusted source for the information families need to manage care for their loved one with DIPG.

Your donation is working to give DIPG families more time with their children and create hope that a cure is soon within reach. Thank you for standing alongside us in our mission!

Sincerely,

Co-Founders
ChadTough Defeat DIPG Foundation
