Dear Motor City POCI,

We are so grateful for your recent gift of \$5,000. Your continued support is vital in our mission to fund game changing DIPG/DMG research while also providing navigational support throughout a family's journey with the devastating disease.

Through the generosity of donors like you, the ChadTough Defeat DIPG Foundation has funded exciting research projects to 75 researchers across 39 institutions around the world, changing the landscape of childhood brain cancer. After decades of despair, more brilliant minds are turning their attention to DIPG/DMG, getting us one step closer to the cure we've been fighting for.

While remaining focused on research funding, the foundation is also dedicated to helping families who are facing a DIPG/DMG diagnosis through our My DIPG Navigator program. Designed to help guide families through their cancer journey, our dedicated Nurse Navigators are a trusted source for the information families need to manage care for their loved one.

Your donation is working to give HOPE and HELP to families facing the very worst kind of childhood brain cancer. Thank you for standing alongside us in our mission.

Sincerely,

Co-Founders  
ChadTough Defeat DIPG Foundation
